

Mega Drill Show

4th~5th December 2008 at India Habitat Centre,
Lodhi Road,
New Delhi (India).

Organized by

Indian Society for Trenchless Technology

Supported by:

CIAC

HIDC

ABOUT THE SHOW

In India, investments in subsurface pipelines are on the ascent leading to more Trenchless projects in the offering. Trenchless projects for such pipelines, either cross-country or city grids, is going to require a substantial drilling capacities both in terms of large sized HDD rigs as well as technical expertise to successfully execute such projects. This will also cater the need of executing agencies dealing with large dia water and sewer line by HDD method. The need of the day, with a view to above, is that we should:

- ⇒ Sensitize the project owners about the various issues related to HDD so that they are empowered to structure contracts that are techno-commercially better and address everyone's concerns alike;
- ⇒ Sensitize the service providers about the various alternatives available so that technically qualified service providers perform the works and the jobs are done more professionally;
- ⇒ Develop model contract document that can be used to prepare better contractual documents;
- ⇒ Establish an adequate arbitral procedure to settle contractual disputes, if at all, in a time bound manner.

To develop such capacities of the industry, the apex organization of Trenchless Technology in India, **Indian Society for Trenchless Technology (IndSTT)** is hosting the **Mega Drill Show** on **4th~5th December 2008*** at **India Habitat Centre, Lodhi Road, New Delhi (India)**.

The show is going to have a series of **Technical Training Lectures** under the Continuing Professional Development system of Assam University, release of the **Model Contract Document, General Conditions of Contract employing Horizontal Directional Drilling suiting Indian Conditions (GCC-HDD), Model Consultancy Agreement for HDD Crossings (CA-HDD)** and a **Display of HDD equipment/products** during the show.

Technical Training Lectures are aimed at the following:

- ⇒ Participants who are totally non-sensitized about HDD can understand the process and can employ the knowledge thus acquired in their projects.
- ⇒ Presentations from Major Drilling Companies, Equipment Manufacturers and Specialized Tooling Manufacturers would make the training beneficial to even the HDD practicing engineers.
- ⇒ Laying the foundation for the contract conditions both technical as well as commercial for their effective use in projects.

GCC-HDD has been developed through a consultative process by the IndSTT Working Group comprising of the nominees from Service Providers, Project Owners, and equipment/Material providers. The model contract document (GCC-HDD) encompassing the techno-commercial conditions has been evolved to facilitate development of equitable situations with no or at most a little ambiguity in the contract conditions for contracts employing HDD in Indian Conditions. IndSTT has already released the **Schedule of Rates for Trenchless Techniques** and **Code of Practice for HDD Suiting Indian Conditions**. With the release of this document the HDD set would be completed. Any owner desiring to execute an HDD project can use these three reference books for better HDD contracts.

Display of HDD equipment/products is aimed at providing the participants with the first-hand one to one meeting opportunity with the equipment/products/service providers of HDD industry and the confirmed participants are DCI, Inrock, Ranaul Technology, Ditch-Witch, Blue Whale apart from others.

ABOUT THE ORGANIZER

The Indian Society for Trenchless Technology (IndSTT) is the apex autonomous organization to promote the application of Trenchless Technology in India. It was established in 1995 with the support of the **Ministry of Urban Development**, Govt. of India During the ensuing twelve years, **IndSTT** has supported the development of Trenchless Industry in India substantially & has made it one of the major markets for trenchless applications.

Workshops During the Show

1. **Ditch-Witch workshop** covering mixed soil & rock drilling by Dr. Garald Stangl and Mr. Richard Levings,
2. **Inrock workshop**, covering borehole profile, rig, contractor, drilling tool, tracking technology selection criterion, drill plan analysis, fluid design by Mr. David Lewis,
3. **Ranaul workshop** covering Drilling Fluids, Drill Rods and Hydraulics by Dr. Amitara Dasgupta, Mr. Griesinger, Mr. Ranabir Paul,
4. **DCI workshop** covering nuances of Tracking for Mega Drills & HDPE pipe installation by Mr. Ehteshamul Haque.

SPONSORSHIP FEE STRUCTURE

	Domestic	International
Principal Sponsor	Rs. 10,00,000	US\$ 25000
Main Sponsor	Rs. 5,00,000	US\$ 12500
Sponsor	Rs. 2,50,000	US\$ 6500

FEE STRUCTURE FOR STALLS

Stall Size	Non-Member		IndSTT Institutional Member	
	Domestic	International	Domestic	International
Stall size (4x2)	Rs. 56,000/-	US\$ 1500/-	Rs. 44800	US\$ 1200/-
Stall size (3x2)	Rs. 42,000/-	US\$ 1200/-	Rs. 33600	US\$ 960/-
Stall size (2x2)	Rs. 28,000/-	US\$ 800/-	Rs. 22400	US\$ 640/-

Delegate Fee Structure

Individual Participants : Rs.11,000/- per person

INDSTT Members : Rs.4,500/- per person

Non Indian Participants : US\$ 300 per person

MODE OF PAYMENT

Registration request must be accompanied by payment through A/c Payee **cheque / bank draft** drawn in favour of
of
“**Indian Society for Trenchless Technology**”
payable at New Delhi.

FOR SPONSORSHIPS / REGISTRATIONS OR FURTHER ENQUIRIES AND DETAILS, PLEASE CONTACT:

Prof. Niranjan Swarup
Executive Director

Indian Society for Trenchless Technology (IndSTT)

908 (9th Floor) Hemkunt Chambers, 89-Nehru Place, New Delhi –110019 INDIA

Mega Drill Show

4th~5th December, 2008 at

Indian Habitat Centre, Lodhi Road, New Delhi (India)

REGISTRATION FORM

Full Name :

Designation :

Organization :

Address :

.....

Pin Code : Country :

Phone : Fax :

Mobile : E-mail :

Please register me for:

(*Please put a tick mark at appropriate locations)

(A) SPONSORSHIP

I would like to sponsor the show, please register me as:

Principal Sponsor*

Main Sponsor*

Sponsor*

DISPLAY

I would like to display, please book a display stall of the following dimensions:

(4mX2m)*

(3mX2m)*

(2mX2m)*

(B) I would like to join the show, please register me as a delegate:

For more details, kindly communicate to:

Prof. Niranjana Swarup
