

NO DIG INDIA SHOW 2022

12th International Conference & Exhibition

16 & 17 December 2022
New Delhi, INDIA

THE NO DIG INDIA SHOW 2022

■ For the last two years, Indian subsurface utility construction industry has been reeling under the impacts of corona pandemic. At one hand demands of services have outgrown the existing industry capacities, and at other, international movement restrictions have stymied the technology transfer process leading to poor project deliverances. These impediments have impacted, both, the Indian Trenchless Technology service providers, as well as, the utility owners. In the post covid period, to kickstart the economy, government has declared a slew of infrastructure construction projects with extensive trenchless applications. City Gas Distribution (CGD) projects, Smart Cities infrastructure, BharatNet II, Har Ghar Jal etc. are some of such projects. Need of the hour is to remove the networking and connectivity impediments and provide proper networking platform to enable the stakeholders deliver the projects successfully. To address this need, Indian Society for Trenchless Technology (IndSTT), the national apex organisation of trenchless technology, is pleased to announce the **NoDig India Show (NDIS) 2022 on 16 & 17 December 2022** at New Delhi. It is going to be a two day-long event covering **International Conference, Trenchless Excellence Awards, Live Events & Demonstrations and Exhibitions.**

■ Main objectives of NDIS 2022 include following:

- ♦ Assist Industry stakeholders in articulating available trenchless work opportunities;
- ♦ Assist Industry stakeholders to identify & network for the latest of the frontier trenchless methods and equipment and their sources;
- ♦ Assist Industry stakeholders to identify bulk materials and equipment suppliers and help to, enhance the networking with such suppliers;
- ♦ Assist Industry stakeholders to enhance the knowledge about execution and operational processes of latest working trenchless methods;
- ♦ Assist industry stakeholders in enhancing contractual capabilities;
- ♦ Assist Industry stakeholders to cultivate professional manpower capable to deliver on the opportunities available; and
- ♦ Assist Industry stakeholders to create the network of trenchless service providers with the project execution agencies for a better service delivery and product development.

CONFERENCE

Discussion Topics

- ♦ Emerging Technologies & New Concepts in Trenchless and Subsurface Constructions. Equipment and Techniques, Methods & Materials
- ♦ Trenchless Contractual Conditions
- ♦ Human resource training and skill certification
- ♦ Challenges for Last Mile Connectivity for projects like Har Ghar Jal, City Gas Distribution, Swachh Bharat Mission, Smart Cities etc.
- ♦ Pipeline condition assessment and its rehabilitation
- ♦ Trenchless risk mitigation for sustainable underground utility infrastructure development and to avoid time-cost overrun.
- ♦ Underground Asset Management & Subsurface utility mapping & As Built Drawing
- ♦ Deliberations on Working Group recommendations over Trenchless Costing and Trenchless Skilling.
- ♦ Smart & Sustainable Cities Utility Network
- ♦ Rehabilitation & Replacement of Aging Subsurface Utility Network
- ♦ Drilling Fluids
- ♦ Waste Management & Mud Recycling

CPD Credit Hours

The show is approved by Engineering Council of India (ECI) for award of 32 Continued Professional Development Hours, to the registered event delegates who participate in complete event duration.

Certification

Upon successful participation & clearing the test, the participant would be awarded two certifications, CPD Hour Credit certificates & IndSTT trade Skill Certificate on TTO 1.1

Register Now

For more details on the event, please visit event website at <https://bit.ly/3AFCphh>

Market Outlook

“ India's National Infrastructure Pipeline (NIP) envisages an infrastructure investment of Rs 111 lakh crore over the five-year period (FY 2020-25).

The construction industry in India is expected to grow steadily over the next four quarters. The growth momentum is expected to continue over the forecast period, recording a CAGR of 9.5% during 2022-2026.

The construction output in the country is expected to reach INR 60,508.9 billion by 2026. ”

Sector Wise Capex over FY20–FY25 (Rs crore)

Water Supply & Sanitation

Oil & Gas

Telecommunication

Electricity Transmission & Distribution

Urban Transport/MRTS

INDSTT Trenchless Excellence Awards (ITEA) are meant to motivate individuals' and organizations' contribution in subsurface construction domain and to promote replicable best practices in the Indian trenchless industry. INDSTT has initiated these awards which recognize and honor the valuable contributions and work of Indian Trenchless Fraternity that has significantly enriched the subsurface construction domain and has helped bring about a change in our construction practices.

In continuation of our tradition to honor the super achievers of the trenchless industry fraternity, we have instituted the INDSTT Trenchless Excellence Awards which reflect the true spirit of creation and recognition of excellence in the way we practice our profession.

INDSTT recognizes the role of a national award for motivation and improved performance of operators, engineers & institutions and has conceived the **INDSTT Trenchless Excellence Awards (ITEA)** as an award of Excellence in the following categories:

- Achievement Award for Trenchless Project Design
- Achievement Award for Project / Technology Innovation
- Achievement Award for Project Management
- Achievement Award for Creating Social Development & Impact
- Achievement Award for Health, Safety and Environment
- Achievement Award for Best Project
- Achievement Award for Best Driller of the year
- Achievement Award for Best Tunneler of the year
- Achievement Award for Best Public / Private Officer of the year
- Achievement Award for Industry Doyen
- Achievement Award for Academician/Technologist/Scientist
- Achievement Award for Best Professionally Managed Company

For further details & award guidelines, please download detail ITEA 2022 Brochure at <https://bit.ly/3P4NVGz>.

Site visit shall be undertaken by Jury members/INDSTT Team to interact with management/individual and other stakeholders to ascertain the award category guidelines. All expenses for arrangements towards travel, boarding & lodging for the site visit/interactions (if require) will be borne by the applicant/comapny/organisation/firm.

VISITOR PROFILE

- ✘ Mayors
- ✘ Municipal Commissioners and City Managers
- ✘ Consultants to Municipal Corporations
- ✘ Military Engineering Services
- ✘ Public Works Departments
- ✘ Public Health Engineering Departmen
- ✘ Telecommunications and IT Industry
- ✘ Drilling Tools Traders & Exporters
- ✘ Municipal and Government Contractors and Suppliers
- ✘ Smart Cities Consultants
- ✘ Municipal Water Authorities
- ✘ Water and Waste Water Consultants and Experts
- ✘ Technology Providers and Vendors
- ✘ Town Planners and Engineers
- ✘ Construction and Infrastructure Developers
- ✘ Buried pipeline condition assessor
- ✘ Development Banks and Financial Institutions
- ✘ Utility Surveyors
- ✘ Pipeline Installation Contractors & Engineering Organization
- ✘ Highway, railway, river and cross country pipeline contractors & engineers
- ✘ Engineering Students & Faculties
- ✘ Media/Press

EXHIBIT AT NDIS2022

Unlock new opportunities, identify new markets and join the world's leading organisations in helping the industry to navigate the complexities of a new emerging India.

Year-on-year, No Dig India Show (NDIS) delivers real business opportunities. By sponsoring and exhibiting in 2022, your company will benefit from opportunities for an excellent return on investment and gain direct access to regional buyers and decision-makers seeking strategies, products and technologies to tackle the challenges they face.

NDIS provides the biggest opportunity in 2022 to position your company as an industry thought leader and key market player in front of policy makers, business leaders, disruptors and innovators.

Put your latest products, services and innovations in front of key decision makers. NDIS's exhibition will enable buyers and sellers to showcase and source new products, solutions and technologies, strengthen and build relationships and do business across the full gas, water, sewer, communication, and electricity industry value chain.

EXHIBIT PROFILE

- ✘ Horizontal Directional Drilling machine, accessories & tools
- ✘ Microtunneling, Pipe Jacking & TBM
- ✘ Drilling Fluids, Waste Management & Mud Recycling System
- ✘ Drilling & Cutting Tools
- ✘ Horizontal Directional Drilling Locating & Tracking Tools
- ✘ Glass & Fiber Reinforced Pipe, Liner, Resin, HDPE & Interplastic
- ✘ Buried Utility Survey, Mapping & Inspection Tools Manufacturers
- ✘ Pipeline Installation Contractors & Engineering Organization
- ✘ Highway, railway, river and cross country pipeline contractors & engineers
- ✘ Smart Cities Institutions, Municipal Corporations & ULB's
- ✘ Financial Institutions

PARTICIPATION PACKAGE

EXHIBITION

INDSTT Member	Rs. 12,000* / sqm	USD 400* / sqm
Non Member	Rs. 15,000* / sqm	USD 450* / sqm

CONFERENCE

INDSTT Member	Rs. 6000*	US\$ 400*
Non-Member	Rs. 10,000*	US\$ 500*
Student	Rs. 2,500*	US\$ 250*

PARTNERSHIP OPPORTUNITIES

Principal Partner	Rs. 12 Lakhs* / US\$ 16,000*
Main Partner	Rs. 8 Lakhs* / US\$ 12,000*
Associate Partner	Rs. 5 Lakhs* / US\$ 8,000*
Partner City	Rs. 5 Lakhs*
Partner Network	Rs. 5 Lakhs*
Partner	Rs. 3 Lakhs* / US\$ 5,000*
