

NO-DIG INDIA SHOW TWENTY-10

On

9th ~ 11th December 2010

At

Periyar Center,

Plot No. 1 & 2, Institutional Area, Jasola

(Near Apollo Hospital), New Delhi (India).

Organized by

Indian Society for Trenchless Technology

Principal Sponsor

Rosewood Projects (P) Ltd

Main Sponsor

Patel Engineering Ltd.

Sponsors

DCI India Pvt. Ltd.

Herrenknecht AG

L R Sharma & Co.

Nandini Impex Private Ltd.

Urmi Enterprise

Vichitra Constructions Pvt. Ltd.

Supported by

No-Dig India Show 2010

on

“Meeting Urban Challenges through Trenchless Engineering”

Trenchless Engineering is the most efficient & effective Engineering Discipline to meet the challenges in the development & management of Urban subsurface networks. Though these engineering applications are in practice for quite sometime, there are certain abrasions that are needed to be addressed. To meet this objective, IndSTT is hosting the No Dig India Show 2010 from 9th to 11th December 2010 at New Delhi. With the base theme **“Meeting Urban Challenges through Trenchless Engineering”**.

AIMS & OBJECTIVES

Primary objectives of the No Dig India Show 2010 are as follows:

- Acquisition of basic trenchless knowledge/education for engineers/construction industry constituents.
- Sensitization and acceptance of trenchless technology for various subsurface projects.
- Sensitization about newer development in the sector.
- Application of technique for subsurface renewal, rehabilitation and new installation.
- Development of dialogue between different stakeholders.
- Network development for equipment and material providers, service providers and project authorities.

ABOUT THE ORGANIZER

The Indian Society for Trenchless Technology (IndSTT) is the apex autonomous organization to promote the application of Trenchless Technology in India. It was established in 1995 with the support of the Ministry of Urban Development, Govt. of India. During the ensuring fourteen years, IndSTT has supported the development of Trenchless Industry in India substantially & has made it one of the major markets for trenchless applications. IndSTT had successfully conducted the No Dig India Show 2008 & Mega Drill Show 2008 year before last and recently No Dig India Show 2009 in last year. The last No-Dig India Show had 60 display stands, display of substantial numbers of trenchless equipment release of several technical publications, reference manuals, technical seminars & live workshop by Indian as well as foreign specialists and release of trenchless technology training website.

ABOUT THE SHOW

The show shall be a mix of conference lectures & training workshops. Lectures & Training Workshops would cover topics of interest as under:

- Strategies for the construction of Infrastructure in mega cities.
- Schedule of Rates for Construction Contracts Employing Trenchless Technology.
- Trenchless pipe laying technologies and pipe laying in urban condition.
- No Dig solutions for the renovation of sewer line
- Ground investigation method applied to utility locating in No Dig Technologies.
- Modern technology for tunnel construction.
- Future trend of Horizontal drilling system.
- The show has 60 stands where latest products and services from across the world shall be on display.

KEY NOTE ADDRESS

For each No Dig India Show, IndSTT invites an International Trenchless Technology Expert to provide an interaction platform to show participants. For No Dig India Show 2010 the key note speaker is Dr. Martin Herrenknecht, Chairman, Herrenknecht AG. Dr. Herrenknecht is a much decorated professional of the sector and he shall be delivering the Show Key Note Address on "Microtunnelling".

TRENCHLESS TECHNOLOGY SELECTION GUIDELINES

Trenchless Technology techniques provide a state-of-art solution to subsurface construction challenges through the application of different competing techniques. To provide assistance to the design & planning engineers in making an appropriate initial trenchless technology selection IndSTT is releasing the Trenchless Technology Selection Guidelines during the show.

WORKSHOPS

- Interactive Workshop on Interceptor Sewer Project
- Workshop on Direct Pipe Tailor-Made Method of Trenchless Installation by Ms. Diana Pfeff, Product Manager (Direct Pipe), Herrenknecht AG
- Aker Wirth Workshop - Project Design Limitations in Microtunnelling
- Pipe Roof Application and Implication-Planning Design & Construction Aspects by Mr. Cheng Kim Hua of WNM Anda

- Bohrtech Workshop — Bohrtech GmbH
- Vermeer Large Drill Workshop by Mr. Navneet Mathur, CEO, Worldwide Machinery Solutions
- Tric Tool Pipe Bursting Workshop by Mr. Micheal Lien, Director Operations, Tric Tool, Inc.

Delegate fee structure

	For Day I 9 th Dec 2010	For Day II 10 th Dec 2010	For Day III 11 th Dec 2010	For Complete Show (9 th ~11 th Dec 2010)
Individual Participants	₹ 4,500	₹ 4,500	₹ 4,500	₹ 11,000
INDSTT Members	₹ 2,500	₹ 2,500	₹ 2,500	₹ 6,000
Non Indian Participants	-	-	-	US\$ 500

Note: On registration of 6 or more delegate a discount of 10% shall be offered.

Fee structure for stands

For Members	₹ 6,500 Per Sqm	US\$ 275 Per Sqm
For Non-Members	₹ 7,500 Per Sqm	US\$ 300 Per Sqm

(Stands available in 2x2 m, 2x3 m, 3x4 m, 4x2 m)

Mode of Payment

Registration request must be accompanied by payment through A/c Payee cheque / bank draft drawn in favour of
“Indian Society for Trenchless Technology” payable at New Delhi.

For sponsorships / registrations or further enquiries and details, please contact:

Prof. Niranjana Swarup
