

## ***Code of Ethics of RQP***

*I, as a Registered Qualified Professional , in recognition of the importance of our technologies in affecting the quality of life throughout the world, and in accepting a personal obligation to our profession, do hereby commit myself to the highest ethical and professional conduct and agree:*

- *to accept responsibility in making engineering decisions consistent with the safety, health and welfare of the public, and to disclose promptly factors that might endanger the public or the environment;*
- *to avoid real or perceived conflicts of interest whenever possible, and to disclose them to affected parties when they do exist;*
- *to be honest and realistic in stating claims or estimates based on available data;*
- *to reject bribery in all its forms;*
- *to improve the understanding of technology, its appropriate application, and potential consequences;*
- *to maintain and improve our technical competence and to undertake technological tasks for others only if qualified by training or experience, or after full disclosure of pertinent limitations;*
- *to seek, accept, and offer honest criticism of technical work, to acknowledge and correct errors, and to credit properly the contributions of others;*
- *to treat fairly all persons regardless of such factors as race, religion, gender, disability, age, or national origin;*
- *to avoid injuring others, their property, reputation, or employment by false or malicious action;*
- *to assist colleagues and co-workers in their professional development and to support them in following this code of ethics.*
