KRITA ENGINEERING PVT. LTD.

No Dig India Show 2017

Trenchless Technology has become one of the preferred construction methodology for constructing and maintaining utility & other subsurface structures. Work execution, however, at times, gets complicated due to absence of standards resulting in faulty works, or processes, & structures. Through standardization, one would get desired results from the application of a specific technique variant under a given set of end conditions. This would ensure proper project deliverance & underground structure development. Growth of the sector, therefore, depends on standardization of techniques. That way, prior to selection and application of any technique, user would be aware about the possible results, & able to take appropriate decisions for the executing the project in confidence. IndSTT recognizes the above fact & has released the approved techniques list with respective deliverables, scope of works, & other related guidelines to assist industry over the last fifteen years.

It has also released codes of practice suiting Indian conditions for 5 most common techniques being used in India, with one being revised in 2016. It is aiming to revise the remaining four & release those in 2017. In addition to revising the codes, it also aims to assist the ingress of newer technology in Indian markets by standardization of those techniques as well. All of this is aimed to be accomplished in **No Dig India Show 2017**.

ABOUT THE ORGANIZER

The Indian Society for Trenchless Technology (IndSTT) is the apex autonomous organization to promote the application of Trenchless Technology in India. It was established in 1995 with the support of the Ministry of Urban Development, Govt. of India. For the last one and a half decades of the efforts of INDSTT have helped to establish this technology in the nation and the action have nurtured its growth. No Dig India shows have been instruments of this growth mechanism as they have provided opportunities for scientific discussions, technology promotion, networking and publication of multiple guidelines, both technical as well as commercial.

EVENT AGENDA & CALL FOR PAPERS

Event conference call for papers, intends to draw diverse industry wide expertise that will stimulate fresh discussion. We encourage papers from both research and industry professionals on the following topics and industry streams:

- Releasing the new approved techniques list with respective deliverables & related guidelines.
- Releasing second editions of the Codes of Practice Suiting Indian Conditions for Cured in Place Pipe, Glass Reinforced Pipe, Pipe Bursting, Microtunneling & Pipe Jacking & Horizontal Directional Drilling.
- Revising & releasing commercial framework for trenchless applications.
- Providing inputs about newer trenchless construction methodologies to stakeholders.
- Drawing a road map for conducting City Level Trenchless Road Shows to assist ingress of Trenchless Technology in Government missions in association with city based stakeholders.

Individuals, organizations and institutions desiring to present papers at the NDIS2017 Conference are encouraged to submit an abstract of 200 words. These abstracts will be reviewed by the steering committee of NDIS2017. Authors of accepted abstracts will be contacted and required to submit a full paper for peer review prior to the final submission deadline i.e., **1st November 2017**.

SPONSORSHIP LEVELS

Choose the level, as discussed hereafter, which you wish to sponsor the event. Various benefits linked to different levels are also provided to assist you in the selection process.

PRINCIPAL SPONSOR

- Exhibition Space of 9x3 sqm.
- 10 complimentary conference passes for your top customers.
- Full page color company profile in the souvenir issue of No Dig India Journal.
- Full page color advertisement (Back Cover) in the souvenir issue of No Dig India Journal.

MAIN SPONSOR

- Exhibition space of 6x3 sqm.
- 6 complimentary conference passes for your top customers.
- Half page color company profile in the souvenir issue of No Dig India Journal.
- Full page color advertisement (Inside Front or Inside Back) in the souvenir issue of No Dig India Journal.

SPONSOR

- Exhibition Space of 3x3 sqm.
- 4 complimentary conference passes for your top customers.
- Half page color company profile in the souvenir issue of No Dig India Journal.
- Full page color advertisement in the souvenir issue of No Dig India Journal.

- Sponsors logo to feature on various publicity material of the event.
- Priority will be given to sponsors wishing to present a case study paper in the conference programme (subject to review and acceptance by INDSTT).

OTHER SPONSORSHIP OPPORTUNITIES

- Lynard Sponsoring
- Delegate Kit Bag Sponsoring
- Delegate Kit Badge Sponsoring
- Delegate Lunch Sponsoring
- Delegate Dinner Sponsoring

EXHIBITION

- A standard octanorm stall shall include followings:
 - 1 Table
 - 3 Spot Lights
 - 1 Power Plug
 - Stall Facia
 - 2 Chairs

SPONSORSHIP FEE STRUCTURE

	Domestic	International
Principal Sponsor	Rs. 10,00,000/-*	US\$ 16,000/-*
Main Sponsor	Rs. 5,00,000/-*	US\$ 11,000/-*
Sponsor	Rs. 3,00,000/-*	US\$ 6,000/-*

DELEGATE FEE STRUCTURE

Individual Participants (Non Members)	Rs. 4,000/-*
Individual Participants (IndSTT Members)	Rs. 3,000/-*
Students	Rs. 2,500/-*
Foreign Delegates	US\$ 300/-*

FEE STRUCTURE FOR STANDS

For Members	Rs. 9,000/-* Per Sqm	US\$ 300/-* Per Sqm
For Non-Members	Rs. 10,000/-* Per Sqm	US\$ 350/-* Per Sqm

***GST: Extra as Applicable**

MODE OF PAYMENT

Registration request must be accompanied by payment through A/c Payee cheque / bank draft drawn in favor of "Indian Society for Trenchless Technology" payable at New Delhi.
